FROM THE COMMITTEE

President's Message

Hi All, and welcome to the first edition of the Chrysler collector for 2026. I hope everyone had a safe and festive Christmas and New years.

Unfortunately as some of you may know Club members Chris and Merrill Norman lost their house to a fire just before Christmas. Fortunately and most importantly, both Chris and Merrill were fine. Their house is insured and their vehicles were also saved. Wishing you both a speedy rebuild.

Back in November we had a Fish and Chip run, organised by Kevin and Barbara Williams. The run began at the club rooms on the night and our pre orders were collected by Kevin and delivered to a hungry group of club members at a park at West Beach. It was a pleasant drive and a good feed at the end. Big thank you again to Kevin and Barbara for organising the event, collecting the money and arranging the delivery of the food. I know everyone enjoyed themselves on the night, because it was decided that we will be letting Kevin organise another fish and chip run soon, Thanks Kev!

Our December meeting saw our usual Christmas festivities, with Richard Tapp bringing home the bacon (The Christmas Ham), and many other members taking home raffle prizes. It was a cheerful event that was well attended. Big thank you to Lorraine Beythien for her catering coordination, Greg and Denice Newley for organising the ham and raffle prizes, Vince Isola for his cleaning expertise and to all the members that came along and brought something to share.

The December run was also our Christmas lunch at Seven 22 on Port Road that was also well attended. I was very happy to see the car park was full of Chrysler's so most people that attended remembered to bring the old car which is fantastic. Vince Isola had the lucky square cards moving around the tables which saw Chris Norman and Barry Thomas as the big winners. The food again I thought was very good and the staff are always accommodating to our club. I would like to thank Brenton and Sharon Gibb for organising the event and a

special thanks to Sharon for making the little Christmas mince pies on everyone's table, they were delicious. I believe everyone had a good time and it was a great way to close out the year as a club.

By the time this magazine is printed we would have had our first club event for the year in January, that being the first Norma Schopp Memorial Breakfast run, replacing the Ray Miles Memorial run. Norma sadly passed away in January of 2024. Norma was the club's first Life Member (1990) and a long time Magazine Editor. She was also a founding member of the South Australian branch of the Chrysler Restorers Club, so it seems only fitting to dedicate the first run of the year to her memory.

Looking further ahead, in February our run for the month will be another breakfast run, this time to the Lakes Resort hotel at West LakesP, more details in this month's magazine.

Looking even further ahead, March will again be the All Chrysler day in conjunction with the Chrysler Car Club of SA, again more details to follow.

So with that being said we have another full calendar already of events and drives planned for the club, so let's hope that 2026 starts off a good one, with all green lights to follow.

Hope to see you on the road

FARGO
TRUCKS AND COMMERCIALS
WIN WORLD RECOGNITION FOR
RELIABILITY & ECONOMY
Fact about Fargo

In less than 8 years Fargo has earned a world-wide reputation for economy, reliability and low maintenance cost. Built by one of the world's engineering masters—Chrysler—especially for export to countries where road conditions demand greater strength and stability than the concrete boulevards of England and America, Fargo is giving honest service not only in the city but also in the back blocks of the Mallee—in Southern Riverina and far East Gippsland where roads are merely a name. Fargo's sensational fuel and oil economy is only one of its many features of extra value. It has a score of advanced truck features that represent better truck construction. Chrysler engineers have combined style and prestige building appearance with brilliant performance and with a quality of dependability that is destined to make Fargo even more famous among its many enthusiastic motor truck owners and operators throughout the world.

EMERGENCY PLUS APP

When an ambulance was called for a member at a previous meeting, the Ambulance failed to quickly find the Clarke Avenue carpark.

The Emergency Plus App, screenshot on left, is available for both Android and iOS (Apple) phones.

It converts the phone's GPS location into a 3 word code which Australian emergency services can use to immediately locate the phone within 3 metres. Surely we should ALL have this App.

PAST EVENTS

Fish and Chips Run

Saturday 15th November 2025

Club members met at CCC club rooms at around 5pm with weather being nice and sunny.

The group chatted waiting for everyone to arrive. Once departure time was upon us, we all jumped into our cars for the reasonably direct route to the West Beach foreshore park named Harold and Cynthia Anderson Reserve.

Parking was adjacent the meeting area where our chairs and tables were set up. Orders and payment were taken at the previous two meetings and dropped off to the fish shop a few days prior.

Kevin and Gary drove back to the shop to pick up the order and Brett was like father Christmas, handing them out to everyone. Mine was very nicely cooked and was eagerly enjoyed.

Chatting continued once the food was consumed as the sun was setting. This made it a little cool and coats were being put on to keep out the wind.

Members started to pack up for their drive home.

Thanks to, Barb and Kevin Williams for their organisational work and dropping the orders off before the day, Anne Lind for organising the orders at the meeting and providing run sheets.

Christmas Luncheon at Seven 22

14 December 2025

We had 50 members attend the Seven 22 Bar & Bistro for the Club's 2025 Christmas Lunch.

There were a few late cancellations due to ill health (Hope they are all now on the mend). Many of the members drove their old cars on the day which was great to see.

Vicki and her wonderful team once again provided an excellent service and atmosphere for a very reasonable price. We had our usual private area set with a Christmas tree and table settings.

We keep returning there because their service is great, the location is perfect for all members and they put on good meals at an affordable price, especially around Christmas time while so many other establishments increase their charges.

If any members have another location they think would be a suitable change please let someone on the committee know. Look forward to seeing many more members on our club runs.

Meet the MoPar-Simca Distributor

Serving South Australia . . .

MOTORS LIMITED

(Above): The interior is attractive, neat, and well organised, all parts being easily obtainable.

In December, 1961, Motors Limited took over the Chrysler new vehicle and Mopar-Simca parts franchise from Waymouth Motors and Waymouth Service.

The transition period was highly organised and well carried out, with the minimum loss of services to dealers and the public.

The MoPar-Simca parts division of Motors Limited, now has a staff of 27, responsible for over £65,000 of parts and accessories contained in 12,000 square feet of space.

Country dealers have a special service provided. Instead of making their enquiries at the parts counter, they contact Mr. Fred Mole, the assistant parts manager, who arranges the services they require. A unique feature of the organisation, is the telephone order section, manned by five operators, who are in constant touch with city, metropolitan and country dealers, handling enquiries, receiving orders, and arranging any specialized services required.

(Below): The telephone order section, controlled by skilled MoPar-Simca parts specialists.

(At right): Mr. Ray Trenouth, Manager, commenced employment with Mopar Distributor Waymouth Service Ltd. as junior parts assistant in September, 1933. 1954 saw Ray in charge of the MoPar parts department, and was subsequently appointed by Motors Ltd. as parts manager when the franchise was transferred. During the difficult changeover period he was greatly assisted by a small, but experienced, group of ex-Waymouth personnel who also gained positions with Motors Ltd.

Ray is married with four children, three girls and a boy. The two elder girls will be brides at a double wedding early this year. During the war he spent four years in the R.A.A.F. with three and a half years' service in the U.K. as captain and pilot of a Lancaster, and completed 32 missions over enemy occupied territory. He was awarded the D.F.C.

Club Plates

Before historic registration, "club plates" were used to identify unregistered club vehicles that were issued (typically 3 day) "permits" to drive on the roads.

The police were able to stop the vehicle not displaying registration plates and make sure that the club issued vehicle ID nominated on the permit

matched the club issued vehicle ID plate on the car.

These are no longer required but are "historic" and available for purchase via the Librarian, for \$5!
